American Plastic has been producing high quality bags for retail stores, trade shows, and other uses, for over 20 years. All bags is made in-house, from extruding film to printing and converting. That means that every order, no matter how small, is a custom job. A large selection of film colors and bag styles are available, and we are able to print up to six colors. Most bags are available in both HDPE and LDPE plastic.

Whether your clients are looking for simple T-shirt bags, or heavy-duty reusable bags printed in multiple colors, we offer competitive pricing, fast turnaround, and low minimums that the competition can't touch.
